

# Bed-o'Cobs<sup>®</sup> 1/4" THE BEDDING OF CHOICE

## Natural, Absorbent 1/4" Bed-o'Cobs Provides Superior Odor Control

### IDEAL FOR MICE, RATS, GUINEA PIGS AND OTHER SMALL ANIMALS

- Will not cling to animals or cage
- Fast wicking absorption
- Resists cage flooding due to water bottle flooding

### NATURAL ABSORPTION & ODOR CONTROL

Bed-o'Cobs is proven to encapsulate the urea salt crystals found in animal urine, controlling ammonia levels. Its sponge-like characteristics encapsulate ammonia and trap associated odors.

### PERFECT FOR ISOLATOR AND IVC CAGES

Porous cob material allows liquid to flow to the bottom of the cage then absorbs the liquid from the bottom up.

### ENVIRONMENTALLY FRIENDLY

This product is renewable, biodegradable, incinerable, compostable and is a product of annual crop production.

### OTHER SPECIFICATIONS

- No variables added since 1962
- Consistently the highest quality corn cob bedding
- Quarterly independent analysis testing

### PACKAGING:

- 1.25 cu ft / 35 L Bags
- Enough to fill 111 standard (78 sq in) shoebox cages 1/4" deep

### PRODUCT AVAILABLE:

- Irradiated
- Certified Irradiated
- Qualified
- Autoclavable Bag
- Bulk Bag

# Bed-o'Cobs<sup>®</sup> 1/8" THE BEDDING OF CHOICE

## Keep Your Animals' Environment Dry With 1/8" Bed-o'Cobs

### GREATER SURFACE AREA

- Four times more surface area than 1/4" Bed-o'Cobs
- Will not cling to animals or cage
- Faster wicking absorption

### NATURAL ABSORPTION & ODOR CONTROL

Bed-o'Cobs is proven to encapsulate the urea salt crystals found in animal urine, controlling ammonia levels. Its sponge-like characteristics then encapsulate ammonia and trap associated odors.

### PERFECT FOR ISOLATOR AND IVC CAGES

Porous cob material allows liquids to flow to the bottom of the cage then absorbs liquids from the bottom up.

### ENVIRONMENTALLY FRIENDLY

# Bed-o'Cobs<sup>®</sup> COMBO THE BEDDING OF CHOICE

## Our Combination Bed-o'Cobs Delivers The Ideal Mix Of Comfort and Cleanliness

### A BLEND OF OUR 1/8" AND 1/4" COBS THAT IS IDEAL FOR MICE, RATS, GUINEA PIGS AND OTHER SMALL ANIMALS

The blend of both particle sizes enhances enrichment while filling in the spaces and offering more surface area for fast absorption and ammonia control.

### NATURAL ABSORPTION & ODOR CONTROL

Bed-o'Cobs is proven to encapsulate the urea salt crystals found in animal urine, controlling ammonia levels. Its sponge-like characteristics encapsulate ammonia and trap associated odors.

### PERFECT FOR ISOLATOR AND IVC CAGES

# Pure-o'Cel™

HIGH PURITY PAPER BEDDING

## A LEADING CHOICE FOR TOXICOLOGY RESEARCH

### MEETS STRINGENT REQUIREMENTS

Developed to meet or exceed the most discerning requirements of animal researchers, toxicology labs and GLP studies.

### CONSISTENCY & RELIABILITY

Precision manufacturing of 1/4" paper squares assures consistent and reliable in-cage performance.

### MORE ABSORPTIVE SURFACE AREA

Higher absorption than other paper squares. Our larger 1/4" size offers 75% more surface area than typical squares.

### DUST-FREE PERFORMANCE

Proven characteristics make it the ideal product for respiratory studies and nude/hairless mice.

### PACKAGING

The 1.25 cubic foot (35 liters) bag will fill 111 standard size shoebox cages (78 sq. in. x 1/4 in. deep)

### BRIGHT WHITE COLOR

Animal discharges are instantly noticed on the virgin, white paper for quick health checks.

### OTHER SPECIFICATIONS

- Larger surface area provides better absorption capabilities
- Also available as a blend with 1/4" Bed-o'Cobs (Bed-o'Cobs/Pure-o'Cel) or with our exclusive Enrich-n'Nest paper rolls (Enrich-n'Pure) for enhanced enrichment
- Hypo-allergenic

### PRODUCT AVAILABLE

- Irradiated
- Autoclavable Bag
- Bulk Bag

# XTRAFine™

FINE PARTICLE BEDDING

## OUR SMALLEST PARTICLE BEDDING PROVIDES AN EXCELLENT OPTION FOR SMALL ANIMALS

### SOFT SURFACE

Finely ground cob granules keep the animals' living surface soft, providing a more comfortable environment.

### QUICK ABSORBENCY

- Absorbs liquids faster than larger beddings
- Keeps animals on drier surface longer
- Allows more time between cage changes
- Ideal for diabetic rodents

### AMMONIA ENCAPSULATION

Advanced odor control is perfect for isolator cages and ventilated caging systems.

### ENVIRONMENTALLY FRIENDLY

This product is renewable, biodegradable, incinerable, compostable and is a product of annual crop production.

### OTHER SPECIFICATIONS

- Particles smaller than 1/8"
- Bottom up absorption
- Rapid wicking action
- Cost savings with fewer cage changes

### PACKAGING:

- 1.25 cu ft / 35 L Bags
- Enough to fill 111 standard (78 sq in) shoebox cages 1/4" deep

### PRODUCT AVAILABLE:

- Irradiated
- Bulk Bag

# Enrich-n'Nest™

THE ULTIMATE ENRICHMENT

## NESTING + ENRICHMENT AIDS IN THERMOREGULATION AND DECREASES ANIMAL STRESS

### ENHANCED ENRICHMENT

- Promotes animal activity and well-being
- Decreases stress, allowing for more effective lab specimens and studies
- Satisfies animals' natural instincts to nest and burrow
- Aids in thermoregulation
- Promotes specie specific behaviors

### SUPERIOR NESTING

Unfurling the paper rolls allows ample opportunity for burrowing, nest building and enrichment.

### BRIGHT WHITE COLOR

Animal discharges are instantly noticed on the virgin, white paper, allowing for quick health checks.

### DUST-FREE PERFORMANCE

As a dust-free product, Enrich-n'Nest avoids clogging air filters, and eliminates eye irritations for nude and hairless mice.

### PACKAGING

The 1.25 cubic foot (35 liters) bag provides enrichment to 1,660 standard shoebox cages

### OTHER SPECIFICATIONS

- Decreases abnormal behaviors
- No additional enrichment items needed
- No dangerous long fiber strands
- Also available as a blend with 1/4" Bed-o-Cobs (Enrich-o-Cobs) or with Pure-o-Cel (Enrich-n'Pure), providing both bedding and enrichment

### PRODUCT AVAILABLE

- Irradiated
- Autoclavable Bag

# Crink-I'Nest™

HIGH QUALITY NESTING MATERIAL

## A NATURALISTIC NESTING MATERIAL RODENTS LOVE

### NESTING

- Mice build nests with the crinkle cut, naturalistic paper strands
- Aids in thermoregulation
- Offers enrichment for multiple animals in cage
- Also the perfect enrichment for rats

### FORAGING

- Allows for tunnelling and foraging
- Strands stay fluffed for optimum play

### DUST-FREE PERFORMANCE

As a 100% virgin paper product, there are no cotton fibers or strands to irritate the animals.

### TWO COLOR CHOICES

Available in natural kraft or white paper.

### ENVIRONMENTALLY FRIENDLY

Manufactured from paper which is biodegradable and incinerable.

### PACKAGING

The 10 kg / 22 lb box provides nesting material to 1600-2000 standard size shoebox cages

### OTHER SPECIFICATIONS

- Ideal nest-building material
- Allows for dome and complex nests
- Easily disposed of
- Thin strands allow for weaving and manipulating of the nest

### PRODUCT AVAILABLE

- Natural kraft or white in color
- Irradiated
- Autoclavable

# Bed-o'Cobs®/Pure-o'Cel™ PREMIUM BLENDED BEDDING

## 1/4" BED-O'COBS + PURE-O'CEL = 1 PREMIUM ABSORBENT BEDDING

### ENRICHING ENVIRONMENT

- With the addition of Pure-o'Cel's paper squares, this bedding promotes specie specific behavior.
- Produces healthier, less stressed animals
- Takes away the dominant mouse, as all cage mates can sort

### CONSISTENCY AND RELIABILITY

Precision manufacturing of 1/4" paper squares assures consistent and reliable in-cage performance.

### SUPERIOR ABSORBENCY

Our larger 1/4" paper squares offer 75% more surface area than typical squares, providing higher absorption capabilities.

### ODOR CONTROL

Bed-o'Cobs is proven to encapsulate odor-causing animal waste and neutralize the smell of ammonia.

### PACKAGING

The 1.25 cubic foot (35 liters) bag will fill 111 standard size shoebox cages (78 sq. in. x 1/4in. deep)

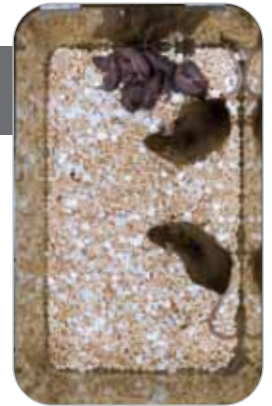

### OTHER SPECIFICATIONS

- Bedding + environmental enrichment
- Longer lasting, fewer cage changes
- A virtually dust-free formula eliminates eye irritation
- Ideal for isolator caging and IVC racks
- Combination product reduces storage space

### PRODUCT AVAILABLE

- Irradiated
- Autoclavable Bag
- Bulk Bag

# Enrich-o'Cobs™

PREMIUM BLENDED ENRICHMENT BEDDING

## 1/4" BED-O'COBS + ENRICH-N'NEST = 1 PREMIUM ENRICHMENT BEDDING

### EXCEPTIONAL BEDDING

- With the addition of Enrich-n'Nest's paper rolls, this blend provides the base for animal housing
- Promotes healthy animal activity
- Caters to the animal's natural nesting and shelter-building instincts
- Addresses thermoregulation concerns

### SUPERIOR ABSORBENCY

- Bed-o'Cobs delivers excellent bottom-up absorption
- Promotes a healthy, clean environment

### EXCELLENT ODOR CONTROL

- Bed-o'Cobs is proven to encapsulate odor-causing animal urea
- Neutralizes the smell of ammonia through cob's natural cell properties

### COST SAVINGS

Requires less frequent cage changes, resulting in reduced labor and disposal costs

### PACKAGING

The 1.25 cubic foot (35 liters) bag will fill 111 standard size shoebox cages (78 sq. in. x 1/4 in. deep)

### OTHER SPECIFICATIONS

- Ideal for nesting, playing and burrowing
- Eliminates the need for other costly nesting materials
- A virtually dust-free formula
- No dangerous long fiber strands
- 2-in-1 product guarantees enrichment in every cage

### PRODUCT AVAILABLE

- Irradiated
- Autoclavable Bag
- Bulk Bag

Enrich-o'Cobs is protected under U.S. patent #6,405,676 and other patent(s) pending

# Enrich-n'Pure™

HIGH PURITY BLENDED  
PAPER BEDDING AND ENRICHMENT

## ENRICH-N'NEST + PURE-O'CEL = 1 PREMIUM ENRICHMENT BEDDING

### PREMIUM ENRICHMENT

- This blend of Enrich-n'Nest paper rolls and Pure-o'Cel paper squares provides excellent opportunities for animal nesting, and burrowing
- Promotes animal activity and specie specific behavior
- Made of 100% virgin paper
- Perfectly suited for toxicology work and GLP studies

### HIGHEST ABSORBENCY

Perfect for diabetic and high volume animals

### DUST-FREE PERFORMANCE

- Avoids clogging air filters, and eliminates irritations for nude and hairless mice
- Hypoallergenic

### BRIGHT WHITE

Animal discharges are visible on the virgin, white paper, allowing for quick health checks.

### PACKAGING

The 1.25 cubic foot (35 liters) bag will fill 111 standard size shoebox cages.

### OTHER SPECIFICATIONS

- Instant observation of animal discharges
- Increases animal comfort and well-being
- Meets or exceeds rigorous laboratory standards
- No dangerous fiber strands

### PRODUCT AVAILABLE

- Irradiated
- Autoclavable Bag

# LabFRESH<sup>®</sup> ALL-NATURAL, CLUMPING LITTER

## A SCOOPABLE LITTER WITH EASY CLEAN-UP

### GREATER ABSORBENCY

Superior absorbency of patented, clumping litter helps provide a hygienic environment for the animals.

### ODOR CONTROL

Proven to encapsulate the urea found in animal urine, controlling ammonia levels. This maximum level of odor control presents a more desirable environment for both animals and technicians.

### EASY CLEANUP

Innovative, no-hassle bedding offers trouble-free scooping, and clumps formed from urine are safely flushable.

### SILICA-FREE

Meets the growing demand from laboratories for new litter advancements

### PACKAGING

20 Lb. bag

### OTHER SPECIFICATIONS

- Developed for use in litter boxes and pans
- Virtually dust-free
- Ideal for rabbits and cats

**Pel-o'Cobs®**

PELLETED, ABSORBENT BEDDING

**Alf-a'Cobs®**

PELLETED, ABSORBENT BEDDING WITH  
MAXIMUM DEODORIZING POWER

## OUR NATURAL, PELLETED BEDDING PROVIDES EXCELLENT ABSORPTION & ODOR CONTROL

Pel-o'Cobs and Alf-a'Cobs are made from 100% natural corn cob material. They are completely biodegradable, virtually dust-free and help to control odors and absorb liquids.

Manufactured using the most absorbent portions of the corncob, both products provide superior absorption power. In fact, both Pel-o'Cobs and Alf-a'Cobs can hold greater than 5 times their weight in water or urine. It is a perfect product for high volume animals.

Alf-a'Cobs provides you with natural deodorizing power. With all the benefits of Pel-o'Cobs, Alf-a'Cobs also includes an alfalfa fragrance, which is added during the manufacture process. This natural scent controls ammonia levels and other odors, while the pelleted cob encapsulates the odor-causing liquids.

Both litters are economical, biodegradable, incinerable and compostable.

# Surgical Suite Pad<sup>®</sup>

THE PERFECT  
SURGICAL SUITE TOOL

## DECREASE THE POTENTIAL FOR SURGICAL CONTAMINATION

### ELIMINATES UNNECESSARY CLUTTER

Pad is large enough for instruments, animal, and anything else is needed for a particular surgery.

### MAINTAINS STERILITY

Surgery is done completely on Surgical Suite Pad, which keeps area sterile and eliminates an unsterile suture.

### AIDS ANIMAL BODY TEMPERATURE

- Aids in pulling moisture and body fluids away from the animal's body
- Helps maintain body temperature while sedated
- No handling of animals, avoiding infection

### PACKAGING

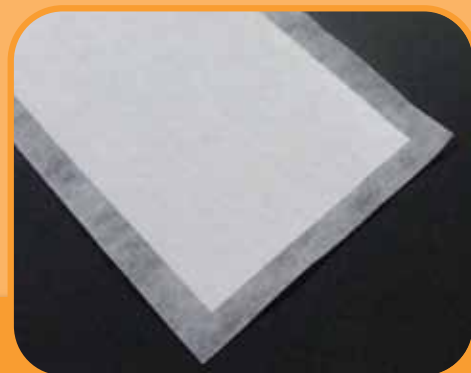

- Pad size: 18" x 22.5"
- 50 sheets / pack
- 400 sheets / case

### PRODUCT AVAILABLE

- Irradiated
- Autoclavable

# Recovery Pad™

THE PERFECT POST-OPERATIVE AID

## THE IDEAL CHOICE FOR POST-OP RECOVERY

### RISK REDUCTION

- Reduces potential for animal loss from hypothermia after surgery
- Reduces handling of animals, decreasing chances of infection
- Reduces potential for incision contamination

### AIDS ANIMAL BODY TEMPERATURE

- Aids in pulling moisture and body fluids away from the animal's body
- Helps maintain body temperature while sedated
- 6" x 10" pad absorbs up to 200 ml of liquid

### BRIGHT WHITE COLOR

Animal discharges are instantly noticed on the virgin, white paper, allowing for quick health checks

### EFFICIENCY

- All fluid weights can be monitored
- Pads can be used for up to 24 hours

### PACKAGING

Mouse ( 6" x 10" ) - 50 sheets / pack 400 sheets / case  
Rat ( 7" x 16" ) - 50 sheets / pack 250 sheets / case

### PRODUCT AVAILABLE

- Irradiated
- Autoclavable
